1 MR. WARMAN: What this is is it is a
2 hard copy image of a page that was available on the
3 U.S. neo-Nazi website stormfront.org. The way you can
4 sort of read it, if you will, is that up in the top
5 left corner in the -- at the very top it gives the
6 website's name and then it gives what are called the
7 thread titles. So each individual new discussion is
8 usually referred to as a thread, and that is the title,
9 and you can see that repeated again in the box that is
10 just underneath the "Live Internet Radio with David
11 Duke" near the top.

12 So the different kind of forums that
13 were available on Stormfront, the first one was the
14 biggest, the Stormfront White Nationalist Community,
15 and then if you go into the international section, and
16 then Stormfront Canada; and this is from the particular
17 thread within Stormfront Canada called "New here,
18 anyone in Surrey BC".

19 MS WARSAME: At the top of that
20 document under where it say "Live International Radio"
21 there is a -- there is a sentence start with "Welcome"?

22 MR. WARMAN: Yes.

23 MS WARSAME: Can you tell us the
24 meaning of that name after "Welcome"?

25 MR. WARMAN: That states: "Welcome

1 pogue mahone", and the reason for that is because that
2 was one of the pseudonyms that I used to log onto
3 Stormfront, and in monitoring the website.

4 Basically I picked that title because
5 it was the name of an Irish Celtic music band that went
6 by the name The Pogue Mahones, and then eventually they
7 shortened their name to The Pogues.

8 MS WARSAME: The same document, we
9 are still at the same document, if you look at the
10 posting of SS-88 what can you tell us about that
11 posting?

12 MR. WARMAN: In the -- in the posting
13 on the top right you will note that there is a small
14 number 2 there, and if you go to the box, the post
15 immediately above it, there is a very small number 1 in
16 the top right corner. What that indicates is the
17 number in order of the thread that that post
18 represents.

19 So "Greek Crusade 4 Constantnople" is
20 the first person who opened that thread, and therefore
21 they have got the little number 1. SS-88 is the second
22 person who is posted in that thread, and thus the
23 little number 2.

24 This particular hard copy was printed
25 off by me on the 5th of February, 2005 and provided to
